to is the author of an exceedingly interesting volume, containing a complete history of the defence of New Orleans in 1814-15. The facts are vouched for by eye-witnesses as perfectly accurate, and the style of the author is graphic and elequent. The book is for sale in this city by W. T. BERRY & Co. and we cordially recommend it as a book of rare value to the general reader, and of the highest interest to the old soldiers of Jackson.

YOUNG LADIES AND GENTLEMENALOVERS OF LEADING A class of French and Spanish is open at half past four o'clock in the evening, at the Commercial College, Cherry street, No. 49%. Terms, ten cents per lesson in the class, or five dollars for the first course, payable in advance. Gentlemen wishing to join the classes, will please call at the said College till the end of the week.

A class in French and a class in Spanish for young Ladies, in two respectable private families, is also making great progress. Young Ladies, Parents or Ladies' School Teachers, friends of Drs. MARYIN and Forn, may obtain from those two distinguished physicians, all the information necessary.

RIVER NEWS.

[REPORTED BY M. M. BARRISON.] Our river is swelling gradually, with 41 feet water on Harpeth shoals.

The ice has almost discontinued its running, we have just reasons to look for a large tide in Cumberland, if the weather above has corresponded with the spell experienced here, as a general moderation is now taking place.

The weather is now clear and at a comfortable temperature.

Business on the wharf presents a more enlivening aspect than formerly, the berthsat the landing being crowded with steamers.

Freights for ready shipment remain scarce, this we presume is caused by the disconnections made in trade elsewhere, owing to the barriers of ice obstructing navigation. Arrived-Cumberland, from New Orleans, and

John Simpson, from Memphis. Departed-J. G. Cline, for Memphis.

The A. L. Davis and Nettie Miller leave this dry for Burksville, Rowena and Waitsboro. Also, steamer Eclipse, departed for Smithland

and Paducah. The new and substantial steamer Cumberland. M. D. H. Brooks, master, leaves positively on Saturday, the 19th, at 10 o'clock, A. M., her destinstion is New Orleans, being built expressly for that trade, and possessing mammoth capacities for freight, as well as comfortable passenger accommodations.

To the People of Davidson County. A short time since, my name, with those of two other gentlemen, was submitted to the American Party of Davidson County as a candidate for nomination for the office of Clerk of the Circuit Court. Three ballotings were had by the various Counells. By the first and second, no nemination was made. After the third ballot the votes were carefully counted by a duly constituted committee and I was declared the successful candidate. I was not present at any meeting of the County Council, reposing as I did entire confidence in the integrity and capacity of its members, to do what was it and right between my competitors and myself. My name having been once submitted to the party in this capacity, I should have felt myself at once, by its rules and constitution, compelled to submit to the decision of the County Council, notwithstanding it might have been adverse to my wishes. In the latter event, I have uniformly declared the intention promptly to withdraw from the canvess. But I now gratefully acc pt the position assigned me and am a candidate for the office indicated above I hereto append a copy of the order of the Coun-

ty Council, and copies of the certificates of the several committees, who were appointed to ascertain the will of the Councils, that every one may see the authority by which I so declare myself. The Circuit Court is now in session, and will so continue until the latter part of February, and it will, therefore, be incompatible with my official duties, to visit as many of my friends throughout the county as I would desire. But I take this mode and occasion to tender them all the warmest grati-- tude of my heart for the confidence they have reposed in me heretofore. I cannot express in adequate terms my thanks for the many marks of kindness which I have received from the people of my native county. A re-election will add but another to the already weighty obligations I feel myself un-

der to them, and but more deeply prompt the acsurance with which I subscribe myself, their Obliged and greatful servant, THOS. T. SMILEY DAVIDSON COUNTY COUNCIL. CIRCUIT COURT CLERK. The following card ans been handed us by the undersigned committee for publication. We trust it will prove satisfactory to all parties, and that the harmony requisite to success may be preserved among the friends and members of the American an party. - Gauette. Nasuville, Dec. 31, 1855:

We, the undersigned committee, appointed by the county Convention of the American party on Saturday, the 22d inst., to count the vote cast for the nomination of a candidate for Circuit Court Clerk of Bavidson county, did the same in open Council, the vote of each Council having been approached by the Secretary, and after a careful examination of each return, we added up the columns, and are satisfied finaffithe result as announced to the County Council was carried, and that Thes. T. Smiles r. ceived a majority of all the votes cast, and was duly declared by the President of the Council the nominee of the American Party for the office of Clerk of the Circuit Court of Bavidson county.

A NEW and singularly successful remedy for the cure of all Hillous diseases—Costiveness, Indigestion, Jaundice, Propsey, Rheamatism, Fevers, Gaut, Hamors, Nervouscess, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back and Limbs, Femaic Complaints, &c., &c. Indeed, very few are the diseases in which a Furgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Catharite were more freely used. No person can feel well while a costive habit of body prevails; besides, it soon generates serious and often faital diseases, which might have been avoided by the timely and Judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements; they all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive truel of its virtues by Physicians, Professors and Palients, has shown results surpassing any thing hitherto known tients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief. of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:

Dr. A. A. HAYEN, Analytical Chemist of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the—

Hon. EDWARD EVERBIL, Senator of the United States.

ROBERT C. WINTHEOP, Ex-Speaker of the House of

ROBERT U.S.

ABBOTT LAWRENCE, Minister Pien. to Fagirad.

† JOHN B. FITZPATRICK, Catholic Bish-p of Boston.

Also — Dr. J. R. CHILTON, Practice! Chemist of New
York City, endorsed by
Hon. W. L. MARCY, Secretary of State.

WM. B. ASTOR, the richest manin America.

S. LELAND & CO., Proprietors of the Metropelitan Ho-

il; and others.

Did space permit, we could give many hundred certificates from all parts where the Pilis have been used, but evidence even more convincing than the experience of eminent public men, is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies extracted by chemical process in a state of purity, and combined together in such a manner as to issure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Fills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition every medicine is bordened with more or less of acrimonious and cates from all parts where the Pills have been used, but edicine is burdened with more or less of acrimonious and medicine is burdoned with more of less of aerimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and chooxious qualities of each substance employed are left be-hind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved, more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicines should be As it is frequently expedient that my medicines accord of taken under the counsel of an attending physician, and as he could not properly judge of a remedy without knowing his composition, have supplied the accurate Formulae by which both my Pectoral and Pills are made to the whole body of practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his request. his request.

Of all the Patent Medicines that are offered, how few would Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men; and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent plysicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial. They operate by their powerful influence on the internaviscera to purify the blood and stimulate it into healthy ac-tion—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such de-rangements as are the first origin of disease.

FIRST PREMIUM SEWING MACHINES

Nashville Sewing Machine Company. Nos. 71 and 72 EAST SIDE OF THE PUBLIC SQUARE,

THESE Machines are now very justly considered to be the best in use, having the advantage of all others in the simplicity of their construction, the speed and beauty of their work, and the great strength of their seam. Unlike any others in use, they form a seam with two continuous threads from ordinary speeds of cotton, silk or linen—making a knot at every siltch which prevents the work from ripping under any circumstances whatever.

The first and highest premiums have been awarded to these Machines at all the leading Fairs throughout this country and Europe, and the inventor now rejoices in the more substantial reward of the largest patronage ever bostowed upon any Sewing Machine in Europe or America.

They are of the highest finish, and of every variety of size and style, and adapted to all the wants of the Sewing community.

They are all secured exclusively to the proprietors by let They are all secured exclusively to the proprietors by let-ters patent, and are free from all legal controversy. Great painshas been taken to adapt these Machibes to Plantation sewing, and they are now so simple, durable and easily run and tended by any person, that they are entirely beyond competition for this work or for the manufacture of heavy or light bags, for Corn or Wheat, no mechinery has ever been invented to surpass them—any person after one hours practice can make from 400 to 700 corn sacks per day on one

these machines, and most respectfully invite the public generally to call and see them in use, and give them a careful examination and be estimated that the half has not yet been told.

Influenza, Asthma, Bronchitis, Spitting of Blood and all other Lung Complaints tending to Consumption.

THIS preparation is getting into use all over our country.

The numerous letters we receive from our various agents, informing us of cures effected in their immediate neighborhoods, warrant us in saying it is one of the best, if not the very best Cough Medicine how before the public—
It almost invariably relieves and not unfrequently cures the very worst cases. When all other Cough preparations have failed, this has refleved the patient, as Druggists, dealers in Medicines, and Physicians can testify. As at the Agent in your pearest town, what has been his experience of the

ers in Medicines, and Physicians can iestify. As a the Agent in your nearest town, what has been his experience of the effects of this medicine. If he has been selling it for any length of time he will tell you it is the best medicine extant. Below we give a few extracts from letters we have receiv-ed lately regarding the virtues of this medicine.

Dr. S. S. Oalin, of Knoxville, Ga., says:—I have been using your Liverwort and Tar very extensively in my prac-tice for three years past, and, it is with pleasure 1 state my belief in its superiority over all other articles with which belief in its superiority over all other articles with which I am acquainted, for which it is seconmended.

Messrs. Fitzgerald & Breaners, writing from Wayneaville,

SPECIAL NOTICES. (Advertisement.)

We seldom recommend a manufactured medicine believing that, in most cases, nature herself perfects a cure more rapidly and effectually than can be accomplished by the vegetables and minerals of medical science. But in the matter of dyspepsia, there are chronic features about it which very often dety all the efforts of nature to create a healthy action of the digestive organs, and it not unfrequently happens that thousands suffer for years, diseased both in body and in mind, from indigestion and its kindred ills. To such Hoofland's German Bitters, prepared by Dr. C. M. Jackson, are truly a most valuable preparation. It is a tonic medicine, giving a healthy action to the stomach, and will be found highly serviceable at all seasons, but especially during the spring. Dyspepsia can only be cured by a patient perseverance in one course of treatment; and to all those suffering under this sad malady we would recommend an application to the Depot of Hoofland's German Bitters, 129 Arch street, Philadelphia.-

AN advertisement of Mr. UDOLPHE WOLFE, lately published, as I suppose, intended for the protection of its Schredam Scanpps agrinst counterfeiters, has come under my observation, and being engaged in the manufacture of S-hiedam Scanpps, were I to let it pass without notice through this medium, I might be considered smong those he denominates "Parates and Funders of Passon," but the immense patronage and success that has attended the sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a beverage and its medical virtues, precindes the possibility of the idea that I am included among those he designs to imp gn. No doubt he feels nggrioved at the depreciation of the sale of his Schnapps which is manifest to all, since mine has been brought in competition with his. Not only fave I succeed in competing with him in quality, but the constant and increasing demand of my article, has embled me to furnish It at a less price than he can, or does—say \$2.00 in the dozen. And ruthermore, he will soon become satisfied that his equation AN advertisement of Mr. UDOLPHE WOLFE, lately arthermore, he will soon become satisfied that his equitor to the citizens of the "Southern and Western States" will

Be it remembered. That on the twenty-cipith day of December, Anno Bomini, 1854, Barnard L. Simpson, of the said District, hath deposited in this office the title of a print or label, the title of which is in the werds of the following, to-wit: 'Barnard L. Simpson's Aromate Schiedam Juniper Schnapps a superior Tonic Anti-Dispeptle Invigorating Cordini," the right whereof he claims as author and proprietor, in conformity with an act of Congress, entitled "An Act to amend he several Acts respecting copy rights."

GEO. W. MORTON,

Clerk of the Southern District of New York.

And I take pleasure on this occasion to tender my sincere thanks to the public on the southern District of New York.

And I take pleasure on this occasion to tender my sincere thanks to the public in general, and to my trivials in particular, for the kind liberaid, while which they have patronized me from my commencement of this enterprise; and Inssure them, that I shall continue to provide them always with a gengine and superior article of Schiedam Schnapps.

June 30, '55-19.

P. N.—The word Schiedam Schnapps is derived from a town in Holland, called "Shiedam," which is colebrated as a place of extensive Juniper Plantations and numerous Distilleries of the above article.

Everybody has the right and privilege to order the Juniper Extract (a principal ingredient of the Schnapps) from that

portation of Schiedam Schinapps than anybody else; and this poor argument which he intends to continue his long practised deception on the public, shows too plain that he leels and is now aware of an important and dashing opposition.

Mesers, Radway & Co.—Radway's Ready Relief has cared Peter May of Kheumatism, when there was no hope of his ever recovering. I heard of his situation and I sent for him. His right arm and leg was all perished. He had no use of taem at all; but by the use of your medicine, in two months ho was carrying the mani from Cherryville to Burr's Ferry. I objected. He said he must do something for a living. It has been fourteen months since he was cured. He is now well, and is working on his farm, and the whole cost of his eare for your medicine was fixed dilutes.

RADWAY'S REGULATORS. We direct the attention of the public to our newly discovered remedy—Radway's Regulators; they possess the great curative properties of a Pargative, cathartic, aperion, sudoride, anti-dyspeptic, corrector, and Regulator of the system. They are in fact the only perfect purgative or cathartic remedy that has ever been discovered or given to the world. findway's Regulators will answer a better purpose than Calomel or Mercury, without entailing on the system the ter-
